

Lighting that defines your **style**™

Welcome

Quinn™ Collection | Pendant 42252 AP | Page s291

Kichler Lighting offers a distinctive array of lighting solutions that reflect your individual personality, tastes and plans. We believe that lighting should exceed functionality and transform your spaces into stunning, inspiring settings. Lighting that energizes, as well as enhances your life.

Lighting that defines your **style™**

Kichler brings you an unparalleled variety of exciting style families, unique finishes, fresh colors and unequalled quality. Simply select a style and then choose among the many fixtures – from Chandeliers and Chandelettes® to Wall Sconces and Ceiling Mounts along with matching Ceiling Fans – all provided within the very same distinctive family collection.

That's Kichler Lighting.

KICHLER 
LIGHTING

All the comforts
of home for more
than 70 years.

Since 1938, Kichler has offered so much more than just distinctively beautiful lighting. We've also backed each style with award-winning craftsmanship, unparalleled quality and superior service. Our goal is simple: to fill your house with the comfort of home.

What's Inside?

Today's homes vary as much as the people who live in them. Different tastes, lifestyles, inspirations, cultures and budgets all influence the way we live and the way we decorate. But there's at least one need shared by all: stylish, functional lighting.

What's your style?
Do you like a warm,
comfortable, inviting room?
Or maybe a room that's more
simple, with clean lines and
a decidedly urban edge?

C

COLLECTIONS

Whatever your individual
preference, Kichler has a
lighting collection that will
enhance, complement or
update your room's style
and décor.

Stella™

Chrome Finish and Satin-
Etched Cased Opal Glass

A classic in the making, the Stella™ Collection artfully draws the eye skyward. Unique arched supports beautifully cradle the curved Satin-Etched Cased Opal Glass with style. Vertical lines and smooth oval shapes are softened just a touch, creating a piece of exceptional flair for any setting.

Jardine

Chrome Finish and Double
Shades with Cased Opal
Glass Inner Shade

Experience the alluring impression of soft, subtle candlelight. The Jardine Collection's double shades create the look with striking effect. Delicate, metallic-frosted outer shades soften bright white, interior shades to create a beautiful glow. Sculptural, laser-cut flourishes and clear polished pendalouges create fascinating shapes and reflections.

Quinn™

Antique Pewter Finish and
White Linen Fabric Shades

Create a classic look that's a little bit unexpected. The Quinn™ Collection presents traditional shapes contrasted against geometric forms that are anything but ordinary. Petite, tapered fabric shades sit atop circular glass diffusers and oval base forms that provide the smart detailing you seek.

Camargo™

Olde Bronze® Finish and
Light Beige Fabric Shades

Undulating pleats bring an updated transitional style to the classic silhouettes you'll find in the Camargo™ Collection. Cylindrical and elliptical shapes create a clean, unfussy look, while a satin-etched glass diffuser casts a beautifully warm light. Delicate, light beige fabric shades also offer a soft and striking contrast to the classic Olde Bronze® finish.

Prairie Ridge™

Olde Bronze® Finish

The Prairie Ridge™ Collection is truly in a class all its own. The clean, architectural lines of craftsman-style blend beautifully with the sun-washed colors of Prairie Ridge. An Olde Bronze® finish enhances the linear look, while offering a perfect contrast to the colors of the cut stone inlays.

Design Pro LED Rail Lights | 10326 NI | Page s316

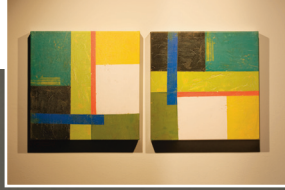

Ideal over an island

... or in a bathroom

Kichler's LED
High Color Rendering Index (CRI)

vs.
Incandescent Lighting

DESIGN PRO LED RAIL LIGHTS

D

High-tech... meets high-style...
meets the height of versatility.
Think you can't have it all?
With Kichler Design Pro LED
Rail Lights, you can. Advanced
technology. Superior light control.
Pure, even flow of light. They're
just a few of the professional
advancements Kichler delivers.

D

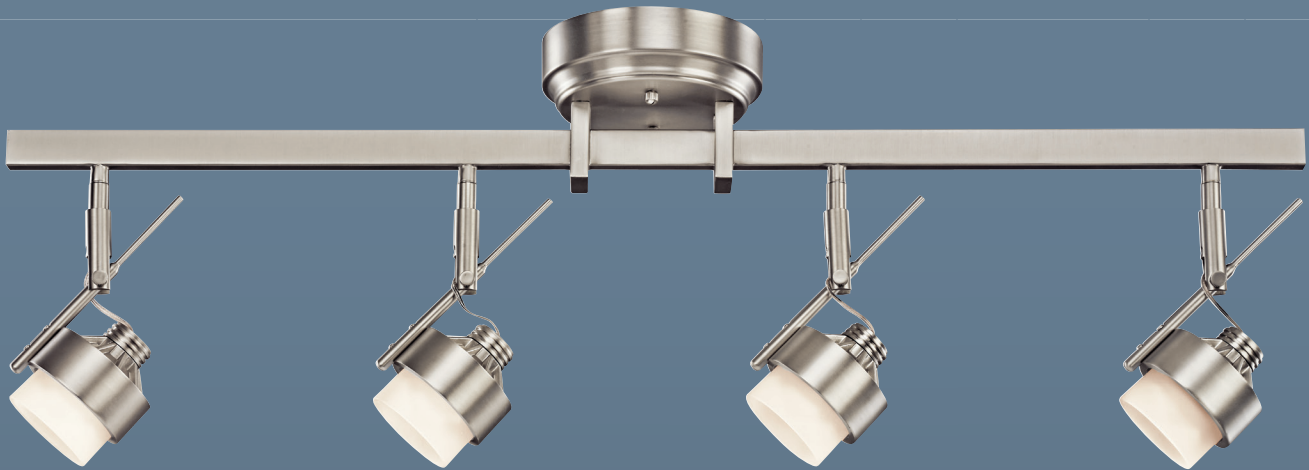

DESIGN PRO LED

Plus, only Kichler offers beautifully
sleek rail lighting options that install
easy and are fully dimmable –
a rare find in LED technology.
And, when it comes to Kichler
LED, you'll love the innovations,
like high brightness, a cooler
operating temperature, superior
color rendering LED and premium
energy efficiency. The list goes on...
As do the choices.

Design Pro LED Rail Lights

Create drama and light throughout your space with versatile, energy-efficient 4-light Design Pro LED Rail Lights. Fixtures accommodate installation on the *wall or ceiling* and are fully dimmable with most standard electric low-voltage dimmer switches.

Ⓐ 10326 NI

Kichler LED exceeds the standards for Efficiency, Reliability and Beauty:

- Long-life light emitting diodes provide approx. 40,000-hour life span to L70 (70% initial lumens) – about 15 years of standard operation – and are fully replaceable.
- True optics: pure white light and controlled beam spread with no fade or drop off of light.
- High Color Rendering Index (CRI)
- Standard installation
- Energy Star qualified

Olde Iron Finish and
Umber Etched Linen Glass

The relaxed Montara™ Collection blends Olde World styling with a hint of modernism. Featuring a textured Olde Iron finish, its unadorned linear composition is carefully balanced by stunning curved sheets of Umber Etched Linen glass. Each glass sheet gingerly surrounds Satin-Etched Cased Opal Cylinders to create a demure layered effect.

Legend

- Hybrid = This symbol indicates the product is best suited for Indoor use with self ballasted, compact fluorescent lamps sold through electrical distributors and lighting showrooms across the U.S.
- Hybrid OD = This symbol indicates the product is best suited for Outdoor use with self ballasted, compact fluorescent lamps sold through electrical distributors and lighting showrooms across the U.S.
- (C) = Candelabra based lamp (E-12).
- (C/K) = Candelabra based lamp (E-12) or Krypton candelabra based lamps.
- (M) = Medium based lamp (E-26).
- ✓ = Fixture requires supply wire rated for at least 75° C.
- ❖ = Fixture requires supply wire rated for at least 90° C.
- ☆ = When electrical connection is made inside the fixture, supply wire must be rated at least 75° C. When electrical connection is made in an outlet box, supply wire must be rated at least 60° C.
- ⓘ = Installation Instructions: Fixture must be supported independently of the outlet box unless the outlet box is UL listed for the weight to be supported. Consult a qualified electrician / installer. Required installation parts included.
- = Many of the products in this catalog have the Energy Star logo. This identifies lighting that uses 2/3 less energy than conventional lighting and lasts six to ten times longer. For more information, visit www.energystar.gov.
- = Title 24 refers to the California Building Standards Code. All lighting fixtures in this catalog that comply with the October 1, 2005 revision of the California Title 24 standards are marked with the T24 logo. For more information, visit www.energy.ca.gov/title24.

- Bulbs not included unless otherwise noted.
- Wattages stated are the maximum recommended; however, you may use lower wattage bulbs to suit your lighting needs. Some recommended bulbs are not available in the maximum allowable wattage.
- All electrical products are rated as 120-volt, AC unless otherwise noted.
- All electrical products are certified and listed to UL/CSA Standards for use in U.S.A. and Canada except where noted.
- All products featured in outdoor section are certified and listed to UL/CSA standards for wet location except where noted.
- All chain drop products equipped with at least 72" of chain.
- On some products, in order to accommodate higher than normal ceiling heights, extra lead wire is supplied and specified. With additional sections of chain (not included), this allows an added measure of design flexibility.
- Many long life tungsten halogen capsule lamps are now available as alternates to conventional incandescent light bulbs. The halogen capsule lamps may be used to replace any lamp of a HIGHER wattage, but not to exceed the existing specified maximum wattage, i.e., 72-W. may replace a 75-W.
- Finishes for fixtures installed outdoors are subject to change due to prolonged exposure to sunlight, airborne pollutants and other forms of weathering.
- To serve you better, Kichler® Lighting reserves the right to make improvements to the products in this catalog. Therefore, some products may change during the life of the catalog and the product information contained in this catalog may also have changed.
