# Passion

The ultimate in luxury lighting, the Passion Collection features a laser-cut metal frame in a mirror-like Plated Silver finish. The sculpture is accented with hand-formed bent and beveled crystal arms, adding graceful elegance to these exquisite fixtures. Beveled crystal columns, bobeches, and trim showcase acute attention to every detail in these works of art.

# Genoa

Inspired by old world artisans, the Genoa exhibits a combination of fine craftsmanship and attention to detail. From the boldness of the cast metal medallions to the fine intricacy of the hand-painted accents, this collection was designed for the finest of homes. The multi-step process of the Modello finish blends perfect tones of gold and browns in a mottled texture that adds depth and warmth. The included hand-painted crystals contrast beautifully with the finish and add graceful elegance. The Mocha Cloud glass found on some models casts a beautiful soft light in the room.

# Celeste

As much a sculpture as a lighting collection, Celeste's stunning laser-cut flat metal forms cleverly conceal the internal wire so all the eye sees is the graceful curves of the frame. The carved detail of the bobeches and caps adds an interesting contrast of style. Rustic Textured Terra finish and warm Ember glass round out the eclectic approach making this collection a perfect match for any design scheme.

# Bristol

Reminiscent of early America, this collection makes itself at home in today's classic style house. The Black Gold finish has the look and feel of naturally aged brass, and lends an air of authenticity to the collection. Contrasting Java Fog glass breathes life into art while casting a natural warm light below.

# Beam LED

The Beam LED Collection features low-profile wall lighting designed with versatility and energy saving technology. Fixtures are constructed of stainless steel to allow for outdoor installation, and with the low-profile design, the Beam Collection can also be used interior for corridors and hallways with ADA compliance. The use of LED gives the ultimate in energy savings and maintenance-free operation. The White acrylic lens is durable and strong. The metal is finished in either Stainless Steel or Oil Rubbed Bronze.

# MX-X12-LX

# COUNTERMAX™

Strength, durability and beautiful finish are features that set the CounterMax MX-X12-LX Series apart with its extruded aluminum housing. These xenon under cabinet lights conceal long-lasting, low-voltage Xelogen bulbs that distribute a crisp bright light. Hinged tops allow for convenient bulb replacement, and push-in wire connectors in the junction box make either direct wire or plug-in installation quick and simple.

## FEATURES

- Airflow design keeps cabinets cool
- Hi-Low-Off adjustable light level switch
- Linkable without or with cord using MXInterLink4
- 12V, long lasting Xelogen bulbs included
- Strong and durable extruded aluminum housing
- Captured screws for quick and easy installation
