CASCADA

A natural wonder sculpted in glass, Cascada evokes the feeling of a rain shower in a graceful swirl of Egyptian crystal spheres. The rainfall that is evoked by the large and small crystals is made possible by their suspension from strands of sheer monofilament that hang in natural torrents from a chrome flush mounted canopy with puffed metal-vented trim. A conversation piece wherever it's placed, Cascada is illuminated drama on a grand scale.

CRYSTAL SENSATION

PRISMS

"Design is so simple, that's why it is so complicated." Nothing proves this point as well as this elegant pendant. Prisms is comprised of simple, solid crystal rods with integrated lamp holders, elegantly suspended by aircraft cables. This low-voltage masterwork quietly boasts a chrome finish and invites multiple applications to increase the simplicity of its functional grace.

NEO

As cool, glossy ice reflects the darks and lights filtering through a highball of fine liqueur, Neo's clear and lead-free crystal cubes take on the hues and tones of the room they inhabit. Weighty and dense, each crystal envelops its own bulb, illuminating it from within, and suspends from sleek, adjustable cables for endless options.

LARMES

A simple idea gracefully executed. Row upon row of clear oversized teardrops, mounted onto an extended chrome lamp holder that supports Xenon lamps sets the stage. Individually adjustable drops for custom stagger effects allow for dramatic impact. An added benefit of each drop being aircraft cable-suspended is the ability to adjust the overall height of the piece to fit the space. The overall result is stark and stunning.

The science of lighting makes a statement of contemporary and lavish scale. A perfect formula of hurricane shades intermixed with laboratory inspired glass accented with suspended crystal cones delivers on the promise of a future here and now. The exquisite chrome-plated ring provides a clean solution to suspension without any visible supplementary power cords to compromise the scientific design equation.

BELLEZA

The ultra-contemporary tendril shapes of this hand-blown clear glass masterpiece are complemented by Egyptian crystals and steel-made chrome plated tubing. The tubing is hand formed into an elaborate scrollwork to compliment the conical glass lamp sheaths. On the practical side, this piece features strain relief engineering, low voltage, adjustable aircraft cable suspension for variable height and clear-jacketed visible power cord. Ideal for entryway or dining area, Belleza will make a statement that will be hard to forget.

A modern take on a classic design. Sweeping French curves in sparkling chrome. Elegant metallic tapers are topped with flame-shaped G4 20w lamps and accented by crystal bobeches. Crowned by glass disks and detailed by black crystal inverted cones, this Louis XIV- inspired modern French masterpiece will bring out the elegance in any room setting in a statement that befits the most regal of tastes on a palatial scale.

CELESTE

Kinetic energy expressed in light. Free-form and free-flowing illuminated sculpture that adds a touch of the unique to any room it graces. Celeste provides glamour, featuring crystal glass elements emerging from a metal body and set off with a chrome finish. This ultra modern piece features an assortment of extended arms, which follow a free-form spiraling pattern. On each of the arms, a series of small, flat crystals catch the light projected by a series of Xenon lights that are placed throughout the design to maximize the yield of light.

 • 73 CRI

*Ships with 79" of Cord

Like the sensuous notes of a symphonic melody, Sax floats and curves through space with grace and finesse. A singular sliver of glossy white or black rises from a discreet base and sweeps up in an elegant arc where it conceals a thin LED. The sleek design and lack of obvious hardware make this unique desk lamp music for the eyes.

LINDS

E20962-10*	
2-Light Table Lamp

2 x 3W LED Led included <ul style="list-style-type: none"> • 3000* K • 50,000 Hours • 270 Total Lumens 	

*6.5' of Cord

Atop a transparent base, slender metal bars rise from a thin chrome plate that appears to float unanchored across the desk. Straight and true, the narrow tubes climb vertically before making a final right angle. The balancing act culminates in two LED lights towering overhead and to shine on the task at hand.

TUXEDO

A visit to the dictionary under elegant is sure to find a picture of this exquisite single light floor or table lamp. The striking hardback shade provides the perfect detail for any eclectic room, as the synthetic strings complete the desired effect. An elegant adjustable mechanism for a wide variety of vertical or horizontal positions sports a satin nickel finish that dresses up wherever it stands.

BETROTHED

Illumination as art is evident in this adjustable-height pendant lighting fixture series. Betrothed features the ability to handle two light sources that illuminate its unique and intricate hand blown glass covers. It comes in white or white/amber and its ribbed glass is clear inside and white outside. A striking installation with a multitude of applications, Betrothed makes a statement from the first flip of a switch or twist of a dial.

SUNDAE

If ever a lamp could be described as mouth-watering, this would be it. This collection presents a modern look in hand-blown white and chocolate clear-cased opal glass that is perfect for the kitchen island or basement ice cream bar. Certainly a unique lighting treatment that you won't see every day, the 60w lighting provides the perfect illumination with a cherry on top.

METRO

-43 Clear/Black

-44 White/Black

An object d'art, or a graphic statement, Metro punctuates a space. Trilled-smoked sand-blasted glass shade with matte finish design in white or black, Metro works well in multiple installations and is highly compatible with the Graffiti line. Single 60w light source throws off plenty of light while adding a touch of artistic flair.

SOLARA 1

D.H. Lawrence tells us, "The sun is a great heart." And so it is with this vibrant spiral series. It is the heart of any room it graces. The unique satellite shape defines this "spacey" piece whose internally illuminated glass spiral arms radiate out from a chrome base. Certainly as much a piece of sculpture as a lighting fixture, Solara 1 is guaranteed to brighten up any room in which it rises.

SOLARA 2

Like its fraternal twin, Solara 2 orbits around in a sphere of hand-blown spiral glass arms. But while Solara 1 keeps its lights on the inside, this pendant series wears its illumination on its sleeve, with exposed Xenon lights sparkling against the bright red, black or white body.

STARBURST

-22 Blue

-23 Green

-24 Clear

-21 Violet

-25 Amber

It was Shakespeare that said, "The stars above us, govern our conditions." And so it is with this amazing multi-light pendant series. Each unique glass cover supports handmade glass starbursts - available in clear, blue, green, amber or violet - suspending each burst of color in its own glass globe. Chrome hardware and a satin nickel-finish canopy complete each structure, and every little piece is adjustable to enhance your galaxy in a variety of different ways.

INFINITY

Special effects on high. This distinctive design creates an infinity effect by using the laws of physics and the reflective properties of two opposing, smoked one-way mirrors. Images of the lights and colored crystals mounted in chrome frames are sent from zero to infinity and back again. Truly a new age conversation piece that bridges into the next dimension.

• 980 Total Lumens
• 75 CRI

Subtle and sleek, Hagen suspends thin disks of beveled glass from barely visible strands of filament. Each disk holds a cool LED light that plays across the surface of the glass and culminates in a crisp ring of beveled luminescence. In single and fourlight pendants, Hagen slips unobtrusively into contemporary, sophisticated settings. P

CARNIVALE

Designed to inspire the "Wow Factor," Carnivale is an outlandish take on the classic chandelier. Set in a bevy of black translucent faux fleur-de-lis trimmed in clear acrylic, the single tearshaped e26 light source is reflected in a swirl of pear-inspired crystals. The only thing more remarkable than the impact of this opulent pendant lamp is its decidedly down-to-earth price. Certainly not for the weak of heart, Carnivale has no problem living up to its name.

Illumination on ice best describes this contemporary collection. Exquisite design hallmarked by clear-glass cylinders nested in frosted-glass cylinders, accented by chrome ring spacers deliver on the promise of chic. With each light individually hung, this fixture provides 50w of illumination from each lamp for high-key drama that is perfect for kitchen utility or dining elegance.

The perfect graphic statement for the long corridor or dramatic entryway. The mod glass cylinders that cover the entire lighting fixture give the impression of high technology at work. Complimented by a chrome tubular frame that houses two adjustable Pyrex spot headers, Flash is designed to impress in the design of the fixture and the throw of its light source. Equally at home in the residential or commercial setting, this collection covers all the bases with quiet, utilitarian elegance.

ALPHA-V

An example of bold contemporary design, this collection combines angular cast crystal lamp covers within a narrow profile brushed-aluminum base. The end result is a unique and striking combination of silicon tubes reflected in crystal chevrons and illuminated with G4 low voltage Xenon fixtures for ease of maintenance. The secured mount attachment is just one more feature that makes it perfect for the modern interior.

STRATO

"Beam me up Scotty," because this collection looks like it came from a trek to the stars.

Stark and dramatic at the same time, this engineering marvel is made up of 3 levels of stacked thick beveled glass completely hung on a chrome housing that contains the Xenon lamps. The perfect application for a modern kitchen or a workstation in the distant future, the impression it gives is out of this world.

Precisely stacked beveled glass symmetrically positioned in a linear design evokes images of grand city skylines. As the bevels reflect light from within, above, and below, each facet takes on new depths and hues that draw the eye and inspire the senses. The architectural pattern brings a modern edge to a classic 1980s style.

SQUARE

Inspired by our visions of visitors from other galaxies, Curva is a study in minimalist design and maximum functionality. In every aspect of its conceptual elegance, the perfectly proportioned curves and exquisitely selected materials harken to the deco interpretation of our modern age. The thick, beveled, polished glass stream merges perfectly with the opal bent glass shade. The brushed steel and chrome support hardware complete the statement with utilitarian simplicity.

CONTEMPRA

This one-light trestle collection features a thick glass plate with polished edges accented by chrome hardware plugs and a satin nickel finish that frames a cleat/white shade. The single 14w fluorescent light fixture assures energy saving operation and the cable-suspension system of the pendants add to the contemporary flare.

Perfect for the kitchen island or the well-designed workspace.

STEALTH

It could certainly pass muster in any room within the intelligence community. The dramatic yet stark 4- or 6-light pendant — with its aluminum frame and lighted aluminum cylindrical-tube housings with frosted-glass trim, which seals the Xenon lamps — quietly shines inconspicuous ambient and directed illumination in the sleakest of fashions.

- 500 Lumens

UFO

Undeniably Fabulous Object. This collection seems to hover in other-worldly elegance. Its streamline design, with split glass and chrome surface, provides the perfect glow for kitchen island, dining room or x-files.

The upper area has 4 reveals with a glass diffuser that projects light from the top of the lamp, sending signals back to the mothership?

Think Simple. That idea is certainly at the heart of this flush mounted-ceiling series. Comprised of a disc of nickel metal that includes three simple chrome screw sets designed to hold a sandblasted glass diffuser, this Xenon-illuminated lighting fixture makes a quiet statement of the value of efficient design.

The essence of clean design is simplicity of function. This austere lighting series features adjustable halogen spotlights and is available in curved or straight styles. Available in both nickel or bronze finishes for maximum adaptability, Argon promises to be an instant classic. This unique streamlined design is also surprisingly affordable. Ideal for either singular or multiple installations, Argon is the ideal application for dramatic lighting at reasonable cost.

A visual symphony of shapes and curves combined in an organic illuminated tour-de-force. This unique pendant combines crystal-covered lights with an abundant assortment of crystal disks and colored acrylic accent rings to make the sylvan metaphor complete. Available in chrome or bronze finish, this lighting fantasy provides the perfect accent to any nature-themed interior. This highly original design comes in a variety of ceiling, flush mounted or wall mounted applications.

LALIQUE

Contemporary design fuses with historic craftsmanship in this amazing ball of light, glass and chrome. The floral sphere is comprised of hand-formed, clear Murano glass petals mounted on individual arms, with simple spherical finials for the look of an illuminated hydrangea suspended in space. If you are looking to make a statement this beautiful accent speaks louder than words.

This bouquet of light and hand-blown amber painted glass begins as an entwined trunk of stems, then branches into a swirl of 20w illuminated glass shades accented with petite gold leaves, vines and petals.

Each graceful stem sends illumination in another direction, giving the illusion of a plant-form in bloom with light. The floral Art Nouveau style of this series provides the perfect accent for the most eclectic of room settings.

FLORA

Crafted in a mystical forest where light blooms, this collection demands attention.

Every detail sparkles with originality. The intricate branch design resolves itself with elegant floral, hand-pulled glass blossom shades, sculpted from clear and amber glass. The vine-like branches and tendrils alike are finished in antiqued Flemish-gold patina. Branches bear the fruit of leafshaped

Egyptian crystals suspended from berries of gold. Engineered for practicality, the aircraft cable suspension of the pendants allows adjustable height via a quick release mechanism.

Return to the days of yesteryear. Bloom is proof positive that elegance can be achieved on a budget. Highly decorative in nature, the historic Galle feel provides the perfect dining-room center piece. The elegant floral glass shades and hanging crystal teardrops whisper hints of heirlooms and the treasures of a bygone era. An amazing metallic finish of either bronze patina or antique Flemish copper adds elegance to the gently curving stems that support both crystal and lamp.

SLATE

Rich, warm caramel coats the inner surface of a delicate glass bowl. The outer surface melts the silky tones of vanilla and cream in swirls of translucence and texture. As light passes through the comforting blend of soothing shades, the room takes on a unique atmosphere that marries the best of earthy warmth and modern sensibilities.

-13 White Ripple

-14 Amber Ripple

SEEP

Like golden ribbons of drizzled honey, soft abstract embossed lines on this amber glass cylinder pendant catch the warmth and depth of the light within. Choose white gloss, and the effect cools considerably, becoming a fascinating study in glacial fluidity. A single slender rod suspends the shade from a smooth, chrome disk.

Inspired by the Action Paintings of the Abstract Expressionist Movement, this highly original graphic series comes in a variety of shapes. Available in amber or red glass, each shade is emblazoned with white glass that has been trailed in a one of a kind design that is fused onto the surface of each unique piece. The raw, hand-created feeling of this piece makes it as much art as lighting fixture in every sense of the word.

Variety is indeed the spice of life. Nothing proves that more than this amazing collection of hand-blown, colored accent, single light pendants. Readily available in a wide variety of colors and shapes, Hue pendants reveals its color when the light is on. Each glass shade is covered with impressed glass veins that accent the surface. Consider mixing and matching an array of shapes and hues for a lighting solution that will be limited only by the heights to which your imagination can soar.

SQUARE

3"

6"

Circle meets the square in this utilitarian flush mounted ceiling lamp. The designer's choice of bevel-cut, square colored glass in an array of primary red, yellow, blue or green sets Buttons apart from other ceiling fixtures. The perfect choice for a modern studio apartment or a contemporary balcony, the white ball glass shade provides even lighting with a dash of style.

CAPS

Bold color combined with simple curves defines the essence of the Caps series of pendent and wall lighting fixtures. The exquisite glass canopy of Caps is available in five colors set off with white-cased support fixtures perfectly in tune with its mini shroom proportions. Equally suited for residential or commercial applications flying solo or in multiple formations, Caps provide a well-designed understatement for wall or ceiling.

AMPHORA

Like night and day, sun and moon—Amphora captures the beauty and power of opposites. A tall cylinder of frosted white glass emanating a soft white glow gently nestles a shorter opaque vase in black or red within the sleek curve of its body. The juxtaposition of contrasts and the complement of light and life illuminate the mind and the senses.

A series of slender tubes telescope toward a sleek shaft of cobalt or amber, culminating in a frosted cylinder aflame with glowing light. Reminiscent of a classic Olympic torch, this delicate pendant updates the Grecian symbol of spirit, knowledge, and life with contemporary lines and urban styling.

STELLAR

An indoor starburst of crystal and chrome, Stellar's scintillating light dazzles any room.

The pendant features 14 shooting amber stars orbiting a chrome-plated planetary sphere all hung in delicate balance by a slim metal rod gently embraced by a graceful spiral.

E20130-05*	
15 - Light Pendant	
Finish: Chrome	
Glass: Amber	
Min OA: 24"	
Max OA: 120"	
 	
15 x Max 10W G4 Xenon (Incl)	
 <ul style="list-style-type: none"> • Bi-Pin • Clear • 12V • 120 Lumens 	

*Ships with 140" of wire

1-Light Wal/Flush Mount

Finish: **Satin Nickel**
Glass: **Frosted White**

HCO: 7.2'

1 x 40W T5 Circuline
Fluorescent (Incl)

- 12,000 Hours
- 3200 Lumens
- 3000°k

14.5" Dia.

2"

VISION

High style at a low price. The frosted, white glass shade provides a hint of bygone eras while the satin nickel surface bring it right up to the design aesthetic of today. All of that and affordable pricing add up to a combination that is hard to beat.

All products, designs and logos © 2009 ET2 Contemporary Lighting. All Rights Reserved. Specific products included in this catalog are protected by applicable patents and pending patents. ET2 Contemporary Lighting reserves the right to change details of design, materials, colors and finishes. Color may vary from what is pictured above due to limitations inherent to photographic processes. Always consult a qualified, licensed electrician before installation of any product weighting 35 lbs. or more. We recommend that a qualified, licensed electrician do the installation. Always install to a mechanically sound structure.

All electrical products are certified and listed to CSA/ETL/UL Standards for use in U.S.A. and Canada except where noted.
